## Welcome to Pro Solar Conference & Exhibition

### Highlights

- **Business Generation** – Highly focused on business generation and effective networking
- **Affordability** -Exhibiting at Pro Solar will allow you to showcase your products to the targeted people and also to people from all walks of life at a very standard stall costs. The Entry for visitors is absolutely free! You will have access to thousands of people in one place for two days.
- **Focused Coverage** – Will be the largest exhibition for the solar industry and its partners in South India
- **Focus on Entire Business Value Chain** – Exhibition will comprise companies from the entire business value chain, thus presenting exhibitors the opportunity for productive interactions with other parts of their business value chain
- **Integration with High Power Conference** – Will be seamlessly integrated with the high power conference that will be attended by over hundreds of industry professionals and experts
- **Financing Community Presence** – Significant presence of the financing community as visitors to the exhibition – we are extending special invitations to top firms in banking/investment banking, private equity, venture capital, multilateral financing agencies and foreign government financing agencies.
